Strategic Themes

FA Operations

- Ease of Use
- Operations Support
- Extended Use internally

Administration

- Systems Management
- Monitoring
- Reporting

New Features

- Advanced Usage
- Delighters

Growth

- Coverage
- Channels
- Partners

Integrations

- Partners
- Other Systems

Architecture

- Stability
- Performance
- Resiliency

MIB Roadmap

Now

Architecture

Vendor Hosting Selection

Finalize evaluation of IBM, refactor portions of the application to ease migration to a BaaS solution.

Integrations

Old Republic Title Onboarding

Onboard ORT which includes import of policies and use of user interface.

Integrations | Architecture | FA Operations

Authentication and User Management

Establish User and key management to support multiple organizations and domains.

Architecture

User Acceptance Testing Environment

Enhance testing and deployment capabilities for all organizations.

Next

Architecture | Administration

Monitoring, Reporting, Analytics

Capture volumes, usage, and activities for reporting and performance tuning.

FA Operations | Architecture | Integrations

Increase Policy Menu - Existing Members

Incorporate new policy types from existing members in existing counties.

Integrations

Standardized Integrations

Establish neutral services for address standardization and comparison functions.

FA Operations | Architecture

Enhance Review Processing Capability

Tools and functionality to streamline the review process.

Architecture
